WINTER 1962 NUMBER 3

ANNUAL FLOWER SHOW AND SPORTS DAY AT BRISTOL

SPORTS GROUND, BRISLINGTON, JULY 14th, 1962

HELD a month earlier than usual this year the Flower Show and Sports attracted over 700 employees and their families to the sports ground at West Town Lane, Brislington. The weather, fortunately, was fine, so that visitors from Devonport, Newport, Bridgend and Reading were able to see Georges' sports ground at its best.

The organisers, who had worked very hard to make the occasion a memorable one, were delighted to see a strong representation from other parts of the region—so strong indeed that Newport Branch took back with them the Stanley Taylor Rose Bowl and the A. C. Hadley Challenge Cup, which were awarded to Mr. S. L. Attewell of Newport's Transport Dept., for the competitor gaining most points and with most points for ten entries.

One of the liveliest features of the afternoon (always excepting the pillow fight on a pole in which several distin-

guished personalities took a tumble), was the tug-of-war, eventually won by Georges "A" team in the face of powerful opposition by Devonport (who were runners-up), Newport, Reading and Bristol "B".

A skilful display of archery by the "A" Section of Imperial Athletic Club, and exhibition bouts by Shaftesbury Wrestling Club, were also features of the afternoon's sport. These were followed by the presentation of cups and trophies by Mrs. A. R. Boucher, J.P. Among several old friends, we were delighted to see those great veterans Arthur Puddy and Joe Jay.

Finally, a word of praise for the committee who organised the show. There is a great deal of hard work in organising and preparing a show of this kind, sometimes, and all too easily, this can be ruined by bad weather, but this year the sun shone, and they can congratulate themselves on having given a few hours' pleasure to a great many people.

Plymouth Branch visit Bristol for Annual Sports

IT WAS EARLY in the morning of July 14th when two coaches left Plymouth for the long journey to Bristol. Early rain gave way to sunshine and after a coffee break at Taunton, bingo was played with great enthusiasm.

On the sports ground at Brislington, the Plymouth contingent had a number of successes; Mr. and Mrs. Blake came in first in the married couples' race; Mrs. Smith won the flower-pot race; Mrs. Tobin the egg-and-spoon race; Miss Clements the 100 yards, and Mr. Tobin and Mr. Scott, the men's three-legged race. They also collected four 'seconds' in the three-legged race, the flower-pot race, the wheelbarrow race and the tug-of-war. In the flower show, Mr. LeTissier came first in the men's cake-competition.

Leaving the sports ground at 6 p.m., the party went on to Taunton and the premises of the Priory Social Club, where they received a warm welcome. Dancing and conviviality made the evening a very

enjoyable one, and, at the conclusion, appreciation to the Chairman of the Club was expressed by Mr. C. Lawley. It was 11.15 p.m. when the party left Taunton, arriving home at 2 a.m. Mr. Lawley, General Foreman, who had made the arrangements and was unflagging in his efforts to ensure the day's success, deserves to be congratulated on the excellence of the organisation.

SPORTS DAY

CENTRAL

THE CENTRAL AREA Sports Day and Fete was held at Reading on August 18th, which fortunately proved to be about the only fine and sunny day for several weeks and contributed much to a highly successful occasion.

Bus-loads came from London, Bristol, Alton, Staines and Ludgershall, apart from individuals who made their own way from other Branches; in fact the crowd must have been getting on for a record since the war.

The Horticultural Show produced the biggest number of entries since its inception and all the various sideshows

proved popular. Five teams entered for the Tug of War, in which Reading Transport and Bristol Georges met in the final, the former just gaining their revenge for a defeat at the Bristol Sports some weeks before.

The Sports Prizes and the Horticultural Challenge Cup were presented by General Sir Miles Dempsey.

The Band of the 4/6th Battalion The Royal Berkshire Regiment (T.A.) played during the afternoon and proceedings were rounded off in the evening with a dance and barbecue in the big marquee.

Horticultural Show

THERE WERE 306 entries in the Show, about 60 more than last year, and the judges commented on the improvement in the quality of the entries compared with the previous three years that the Show had been held. Entries for flowers had so increased that the Secretary had to buy four dozen vases on the morning of the

Show so that all entries could be staged.

This was the first year that entries were received from Courage and Barclay employees at Alton and their names were prominent among the prizewinners. The Challenge Cup for the most points in all horticultural classes was won by Mr. W. Ford, Reading Transport.

SPORTS DAY

EASTERN AREA

June 2nd, 1962

WE GIVE YOU a selection from Mr. H. K. Nolan's magnificent photographs, which convey far better than words the spirit of this most enjoyable day. Suffice it to say that the weather was reasonably kind to us and that the usual support from wives and children made it what we always hope it will be—a family day for everyone.

Mr. E. R. Courage presented the prizes, and the day concluded as usual with a very well attended dance in the pavilion.

OUTINGS

LONDON

DREAMLAND, MARGATE

DREAMLAND was once again the scene for this year's summer outing from London. On the first day, June 23rd, the toast of the Company was made by Mr. M. Jeary, of the Transport Department, Horselydown. On this occasion the Chairman was present.

On the second occasion Mr. E. R. Courage took the chair and the toast of the Company was made by Mr. A. Chapman from Wandsworth, who was until recently a checker at Park Street.

An unusual though pleasant incident on the second outing was a telegram of good wishes sent by all present to Sir Winston Churchill, who had that day gone into the Middlesex Hospital with a broken femur. Our photograph shows the reply from Sir Winston.

CENTRAL

ALTON

THE ALTON DIVISION Brewery Outing took place on June 30th, when a large party spent a very pleasant day at Bournemouth. An excellent lunch was arranged at the Pavilion.

READING

THE READING TRANSPORT Outing took place on August 19th. The party went by coach to Southsea, where a cricket match (wives versus husbands) was played during the afternoon on the Common. The result was a draw, which satisfied all concerned, and afterwards most people went along to the fun fair.

On the way home a stop was made at the Crown, Old Basing, where, with the aid of 'Mine Host' Mr. Canning and Alan Hitchman (Sales Accounts) with his accordion, an extremely gay and pleasant evening was spent.

EASTERN

LONDON

THE SECTION has enjoyed one of its most successful seasons, at the end of which our record stood as follows:—

Played 35, Won 22, Lost 4, Drawn 9

For the first time in the history of the section, the club's colours were carried on a tour of Holland at Whitsun—a great success which produced, if not any spectacular cricket, at least a lot of goodwill and a lot of enjoyment on both sides.

CENTRAL

READING

ALTHOUGH THE SUMMER has not been a very good one, our programme was little affected by the weather, only two games having been cancelled owing to rain.

The "A" team had a fairish season having won 6, drawn 3 and lost 11 of their 20 matches, whereas the "B" team did very well in winning 5, drawing 3 and losing only 6 games. For the latter, H. Loader made a century against Borocourt, and both this and the total of 205 for 4 are records for the "B" team.

The matches against Alton, Bristol and Guinness were very keen as usual, as was the new fixture against London at Hayes. Our only success in these matches was a one-sided draw with Bristol.

In the Reading Evening Cup we were drawn against the same club as last year and, after a thrilling tie, lost the replay.

Apart from the activities of the "A" and "B" teams there has been a revival of interest in inter-departmental games and the Transport Department also played two most enjoyable matches against Alton Transport. All of which raises the point that it might be well worth having an inter-departmental league or knock-out competition next year.

Complete "A" and "B" team results, with best performances, are as follows:

May 6th "A" Team, 50 for 9; Shiplake, 49 (N. Bedding, 4 for 5).

„ 12th "A" Team match at Alton cancelled owing to overnight rain.
"B" Team, 109 for 9 (H. Loader, 42); Greys Green, 181 for 4 dec.

ALTON

THE CRICKET SECTION has enjoyed one of its finest ever seasons. The playing record stands, at the end of August, as follows:

Played 25, Won 18, Drawn 4, Lost 3

In spite of the weather the batsmen have enjoyed much more success than in previous years. A. P. Pike, in outstanding form, became the first batsman from the Club ever to reach 1,000 runs in a season. This milestone was reached after 24 innings and to commemorate it his teammates presented him with a pewter tankard.

A number of games have been cancelled because of the weather but the season up to the present has been most enjoyable.

FOOTBALL

WESTERN

GEORGES A. F. C.

FOR THE third successive season, we start in a higher Division than in the previous season, this time Division II of Bristol and District League. Most of the players who started with us in Division V are still in the side and that surely proves that we are a happy club. We welcome back Brian Redwood after a spell in the Western League, and we have already found his skill and experience a great asset. We are off to a good start, ably captained by Ray O'Reilly and our ex-captain Collin Sheppard, has come right back into form. The defence is the same as last season, and is playing very well. In fact, our two wing-halves, Jack Archer and Peter Dash, are really setting the pace. Allan Spring has registered his first hat-trick, and is really worrying our opponents' defences.

Messrs. Mansfield, Gibbs and James, are still in Office and we welcome two more keen Officers—Ken Woodman, our ex-goalkeeper who has served the club so well and faithfully as a player, and Jack Saunders, one of our keenest supporters. The team owes much to the hard work and enthusiasm of its Officers and to our few, but loyal, supporters. On October 13th we travelled to London for our first game there against our friends from Horselydown who beat us 3—0 in Bristol last year.

BERT DASH,
Hon. Secretary

BADMINTON

EASTERN

THE SEASON started on October 8th, and training takes place every Monday evening at the Park Street Social Club at 6.00 p.m. We are delighted to welcome some ladies to the section, who are now playing extremely well. If you haven't had a go at badminton, do come along, if only just to see "the form". You won't be disappointed, there is a lot of fun and some first-class exercise.

GOLF

EASTERN

SINCE THE LAST issue, we have had our annual match against The Dartford Club. Always in the past we have suffered defeat at the hands of the Dartford men, although keeping our end up in the Club house afterwards. This year's meeting will be memorable for two reasons—firstly Albert Walters (Stores) is captain of the Dartford Club for this year and secondly, our team led, for the first time, by Mr. T. B. Bunting as captain, managed to secure our first win against the men of Dartford. An excellent supper, and much conviviality followed in the Club house.

Next, followed the first of our Town and Country meetings at Laleham; this was rather poorly supported, and resulted in an easy win for the Town.

A week later we had our annual battle with the Guinness Golfing Society at Home Park. It was a very pleasant evening, and the result was in doubt until the last match had finished. After a careful check of the scores, it was found that honours were even, and the match finishing all square, was followed by supper in the Club house.

The competition for the Bay Courage Cup was held on the evening of July 17th, at Coombe Wood. This was a medal round, a severe test indeed for those with long handicaps, for every stroke must be counted.

It was reported in the Club house later that some holes had been achieved in 11 or 12 strokes, which perhaps accounted for the surprise, albeit mixed with pleasure, of those present to learn that the cup had been won by Mr. Peter Gordon with a nett score of 61. It should be mentioned that the experts reckon to go round this course in about 73. The runner-up for the third year in succession was Mr. Hugh Barr, who has now, he informs me, collected sufficient spoons to give a tea party.

Other acceptable scores were Dennis Seyd of Cantrell and Cochrane, to whom we are also grateful for the photograph, with a nett 65, and Hugh Whitwell, the Public Relations Manager, who confesses

*l. to r. standing: H. Huntings, H. S. Cowell, L. T. Gibson, G. Frost, P. Garvey, R. H. Walters, J. S. Leverick, H. Barr, J. Spencer
seated: F. W. Brown, G. E. Pank, P. F. Gordon, W. E. Parslow, D. C. Robbie*

that before entering the Club house thought that he had won the cup with a nett 67.

The thanks of all are extended to the Secretary of the Coombe Wood Club for generous hospitality in the form of an excellent dinner and the facilities of this comfortable Club house.

A few of our members gathered at Selsdon Park on Thursday, September 6th, to do battle for the Poole Cup, which is a greensome competition against bogey. It was a blustery evening, with rain always threatening, and as a result some poor scores were returned.

The final winners were C. D. Witts, and D. Seyd with a score of 5 down, the runners-up were W. E. Parslow and P. F. Gordon, with a score of 6 down.

There were many cries of "If only I hadn't missed that putt!" in the Club house afterwards.

Athletics

EASTERN

THE NEW SEASON was greeted with the sad news that the team was to be without its star performer P. Shipley, who sustained a broken leg in a road accident. We wish him a speedy and complete recovery. This naturally weakened our chance of success in the London Breweries Cross Country Championships held at Wimbledon on March 17th. However, the team did do well to take third place in the 5 mile

event, having finished in the following positions:—B. Thomas 9th, R. Crossley and E. Vine equal 13th and A. Tyndall 16th.

During the season the section was pleased to welcome three new members: Messrs. R. Bates, A. Tyndall and V. Parry. It was at the London Breweries Summer Meeting at Chiswick on July 7th that two of these—A. Bates and V. Parry—were to make their debut for the team. After many weeks of hard training they are to be congratulated on putting up such a gallant show in their particular events.

Success came in the 440 yards for B. Thomas, a member of Deptford Park Athletic Club, who ran superbly to win in a time of 56.4 seconds.

It was very pleasing to see a team from Reading competing in the Tug-of-War, in an effort to wrest supremacy from Guinness. The team was unsuccessful this time but we have high hopes for the future. It would also give us very great pleasure to see a team from London competing in this event. After all Guinness may be good for you, but—Take Courage!

TENNIS

EASTERN

IT IS A PLEASURE to announce some excellent results this season.

A few friendly matches have been played and a very successful tournament was held on Sports Day. The highlight of the season was undoubtedly regaining the London Breweries Team Cup from Watneys at Park Royal on June 13th. Several supporters watched a very keen and close match which we won by 5 matches to 4. Mr. W. F. S. Toop as Chairman of the L.B.A.S.A. later presented the Trophy and we congratulate Messrs. Johnson and Burrells, Walker and Buckingham, and Quarendon and Speller, on their successes.

In the Individual Championships we are delighted to record the following successes:—

Miss M. Lack, runner-up in the Ladies' Singles Championship.

Messrs. R. Burrells and W. T. Walker won the Men's Double Championship for the seventh successive year.

Mr. R. Burrells and Miss M. Lack won the Mixed Doubles (Donald Greig Trophy) for the third successive year.

The section is still in need of more recruits, and the Section Secretary, Mr. E. Patient, will welcome any enquiries. There are three hard and three grass courts at Hayes, which is not really difficult of access to anyone living in South-East London. So come along, you tennis players! Hayes is really a delightful ground and you will be assured of a warm welcome both on and off the court.

CENTRAL

ALTON

THE TENNIS SECTION has had an enjoyable season on its resurfaced courts and, at the time of writing, has completed 17 friendly fixtures, 13 of which have been victories.

A mixed team was not entered in the Aldershot and District L.T. League this year but the men's doubles team was again entered and repeated last season's success, when they won Division IV of the league.

This year they completed 10 matches without defeat, thereby gaining promotion to Division II. The final match record was:

Played 10, Won 9, Lost 0, Drawn 1

This result was brought about by a consistent team of only seven players.

READING

AT THE BEGINNING of August Ray Wheeler, who has been associated with our Tennis Section for many years, was transferred to Swindon Branch as a Public House Inspector. To show their appreciation for his services, both as a playing member and an active and hard-working Club Secretary, latterly also as Chairman of the Club, the members subscribed to give Ray a coffee table, which was presented to him at a small gathering after the finals of our Club tournament. Ray will be greatly missed on our courts, and all members of the Tennis Club wish him success in his new appointment.

The third time is always different from the rest—an old saying but it was very true in the final of the Employees' Singles when P. Banks beat B. Glasscock in three closely fought sets. Glasscock, having beaten Banks twice before, lost at the third attempt and so proved the old saying. P. Banks also went on to win the Men's Doubles partnered by N. Kelsey.

BILLIARDS

CENTRAL

READING BILLIARDS SECTION

WE HAVE NOW signed on ten members for the coming season. Among the ten are some very good players, and this, plus the fact that we have a new cloth on our table, should help us to climb up the league this year. The first match will be played on September 10th at Goring. The team of five will be selected from the following players:

J. Vought	J. Clayton
R. Brind	B. Sayers
G. Shiel	M. Knapp
J. Daniels	W. Piercy
E. Crump	C. Saunders

CHESS

EASTERN

THE ANNUAL General Meeting of the Chess Section was held on September 3rd, when Mr. W. F. S. Toop was elected Chairman, with Mr. W. E. Naylor, Jnr. Secretary and Mr. P. C. Longbon, Match Secretary. One of the items on the agenda was a proposal to form a chess section in the L.B.A.S.A. This is an idea which Courage's Chess Section have been eager to promote for some time, but unfortunately the support from other breweries has so far been disappointing. However, hope is not yet given up and efforts to get the section started will continue.

After the meeting the Section welcomed Mr. L. Barden, British Chess Master, and a few guests from other clubs in the London Commercial League. Mr. Barden played a simultaneous chess match of 20 boards, and lost only one—to Mr. W. E. Naylor. Three other games were regarded as draws. It was a most interesting evening and produced some wonderful studies in concentration!

Some of the individual chess games in progress, Mr. L. Barden is standing

We are proud of the fact that the Section finished at the top of the London Commercial League at the end of their first season, and have now been promoted to Division III of the Minor Section.

The "Pinder Trophy" for the best individual player has been won by Mr. W. Reed (Transport Dept. Horselydown), to

whom we offer our heartiest congratulations.

The Section intends to attend the Hastings Chess Congress this year, where they will be able to see the world's finest chess champions in play.

Lastly, a word to all those, particularly among the staff, who play chess but have never ventured to enter the competitive side of the game. The Section has made considerable impact in its first season in the London Commercial League, and we could go even farther if wider support from the brewery staff and employees in general were forthcoming. Mr. W. E. Naylor, Jnr., is always pleased to receive new names and we think we have the nucleus of a team which could go far. Please think about it, and if you play chess, let him know. The amount of free time which you will be asked to surrender is very small, and you will be delighted with the pleasure that membership of a team such as this can bring you.

EASTERN

AT THE TIME of writing the Angling Section is not enjoying quite such a successful season as usual. Twenty-one members fished the L.B.A.S.A. Individual Competition at Milford near Guildford but unfortunately no fish were caught. However, two teams have been entered for the L.B.A.S.A. team competition. The

first of three legs was fished on the river Medway on September 23rd.

The "Courage Cup" winners this year were:—

- | | | |
|-----|----------------|---------------|
| 1st | P. C. LONGBON | 18 lb. 3 oz. |
| 2nd | W. R. MCCLARTY | 14 lb. 12 oz. |

The "Lee Cup" winner will not be known until the end of the season.

The Section Secretary, Mr. W. R. McClarty, reports with great pleasure that new members are joining every week, and the section is rapidly becoming one of the largest and most energetic in the club.

We are delighted to report that through the generosity of the Company we now have at Kenward and Park Farms near Yalding a stretch of water on the Medway. These two farms were recently bought by the Company as additions to our existing hop farms at Buston Manor, Hunton and Lower Gallants Farm, Farleigh, both close at hand. The new water will be conveniently close to Maidstone for the members of our Angling Section at the Medway Brewery to make good use of them.

The section is hoping to arrange a social at Hayes during the close season, which, of course, only applies to fishing.

CENTRAL

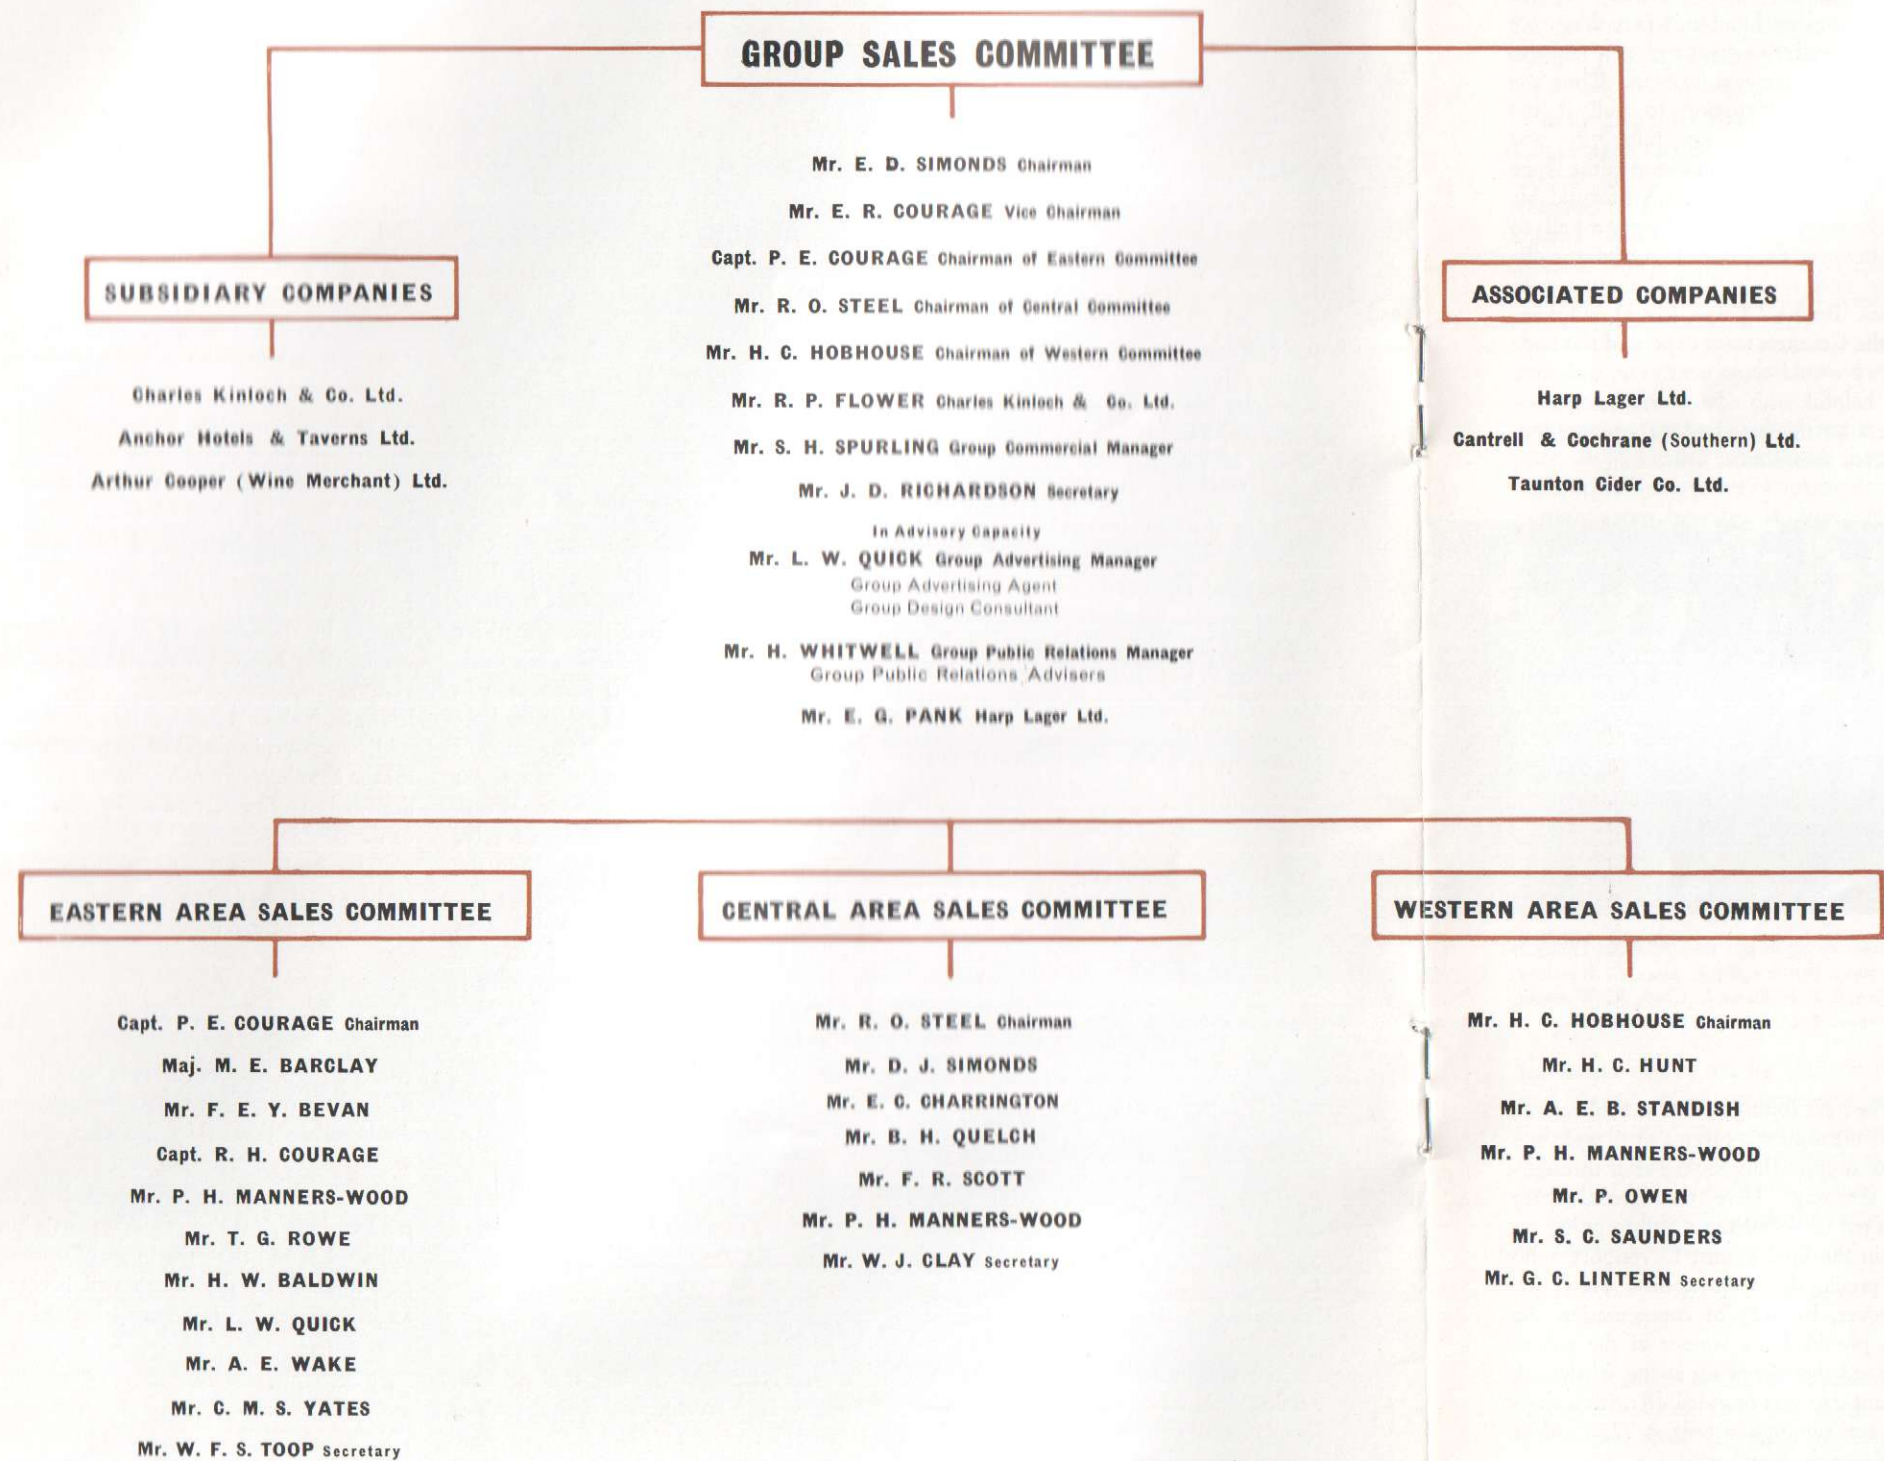

THE SEASON so far has shown very poor fishing, with very low weights, but no doubt when the colder weather arrives we shall have better results.

The match against Twyford A.C. resulted in a clear win for Twyford, but our anglers had the enjoyment of visiting new waters and the match will become an annual event. We hope for better luck next time.

Match placings for the Angling Cup are as follows:

- | | | |
|----|------------|-----------------|
| 1. | M. Gibbs | 4 lb. 3 1/4 oz. |
| 2. | W. Green | 1 lb. 13 oz. |
| 3. | F. Smith | 1 lb. 8 oz. |
| 4. | P. Dudman | 15 oz. |
| 5. | R. Absalom | 13 1/2 oz. |
| 6. | J. Clayton | 9 1/2 oz. |

COURAGE BARCLAY AND SIMONDS LTD ORGANISATION

THE SALES COMMITTEE

IN OUR LAST ISSUE we gave you a broad idea of the organisation of our Group. In the next few issues we intend to break this organisation down into its several parts, starting with our Sales Organisation which you will see set out in chart forms adjoining.

Stated simply the function of the Group Sales Committee, which is the main-spring of the Sales Organisation, is to promote vigorously, competitively and profitably the sale of all products of the Group and its subsidiary and associated companies, with the exception of export sales and of companies overseas; those are the responsibility of the Export Committee.

In order to achieve this the organisation allows for a complete two-way flow of ideas, information and instruction on all matters affecting sales. This starts with local directors and area sales managers on the area committees and carries on via the chairmen of area committees all of whom are members of the group committee, and finally through the chairman and vice-chairman of the group committee who are members of the parent board.

All the subsidiary and associated companies concerned with selling are linked to this organisation.

Kinloch's—by far the largest of these are represented on the Group Committee by their Chairman, Mr. E. R. Courage, and Managing Director and by their Sales Director, Mr. Manners-Wood on all three area Committees. This arrangement ensures close co-operation and emphasizes that the sale of Kinloch products is an integral part of our overall sales effort.

Anchor Hotels and Arthur Cooper—the boards of these companies report to the

parent board and receive their sales policy instructions via the chairman of the group sales committee. This Committee also considers their monthly trade statements. Advice, assistance and, if necessary, criticism, is offered by the area committees.

Harp Lager—close liaison with Harp Lager is assured by the presence on the group committee of Mr. E. G. Pank.

Cantrell & Cochrane—the interest of C. & C. are safeguarded by Mr. S. H. Spurling, a director of the company who acts as a link for all purposes connected with sales.

Taunton Cider Co.—this may be a new name to some of our readers but one of which we believe you will hear a lot more and be very proud. Mr. H. C. Hobhouse, a member of the group committee is also a director of this company.

Our professional advisers also play an important part in our sales effort and frequently attend meetings of the group committee. Provision is made for them to keep in touch with our sales organisation at the highest level through the members of the Group Advertising Manager and Group Public Relations Manager.

Finally, it is necessary to ensure very close co-operation with our production side if all our sales plans are to work smoothly. This is ensured by the appointment as Secretary of the group committee of Mr. J. D. Richardson, who is also secretary of the group brewing committee.

No sales effort can succeed without a really good organisation behind it, we believe that we have provided such an organisation, and it is at the service of every salesman in the group wherever he may work.

RIFLE

EASTERN

WE REPRODUCE a photograph taken at the L.B.A.S.A. Rifle Section prize giving which this year was held in our own club room at Park Street.

An excellent evening was enjoyed by everyone, and it is with great pleasure that we were able to welcome Mr. R. Mann, President of the L.B.A.S.A., and our own directors Mr. E. R. Courage and Captain R. H. Courage.

We are pleased to be able to report that our team were runners-up in the L.B.A.S.A. league, being beaten in the final shoot-off by Guinness.

Members of the Courage and Barclay Rifle Section who attended the L.B.A.S.A. Rifles Section Trials at Park Street

BOWLING

EASTERN

1962 has witnessed one of the Bowls Section's most successful seasons. In all, no fewer than 30 games have been played, including those organised by the Section themselves.

It was unfortunate that it was not possible to play the annual Staff v. Players match this year, but Mr. Pinder's spoon drive produced the usual crop of exciting

games, the six spoons being won by Messrs. A. Fox, G. Webster, C. Lille, G. Lawrence, S. Goodwin and T. McLeod. The prize for the highest score of the afternoon went to Mr. A. Fox.

During the season, six of our members have been presented with badges by the London Brewers A.S.A. and the London Business Houses A.S.A., each and every badge well earned by representing the respective associations in numerous matches.

Two of our members, Mr. G. Duke and Mr. G. Webster were chosen by the London Business Houses Committee to play for them against the Royal Household bowls team at Windsor. Out of this game came a request by the Royal Household Bowls Secretary for two fixtures with the Club, one to be played at Windsor and one at Hayes. When it is considered that the Royal Household have only played one bowls match away in the past twenty years, we can consider this a very important feather in the cap of the Bowls Section, and we look forward to the announcement of the dates of these matches with great interest. Of one thing we are certain, the green at Hayes, under the care of Mr. Warner, Mr. Urwin and Mr. Warner, Jnr., will provide everyone with a first-class game.

TUG OF WAR

CENTRAL

THERE HAS BEEN quite a resurgence of interest in producing a first-class tug of war team this year and as a result a meeting was held on July 30th to form a properly organised Section. A Committee was elected as follows:

President	-	Mr. D. J. Simonds
Chairman	-	Mr. E. D. Campbell
Secretary		
Treasurer	-	Mr. S. Jennings
Trainer	-	Mr. F. Clark
Asst. Trainer		Mr. S. Stamp
Members	-	Mr. J. Jones
		Mr. R. Woodroof

It is planned to hold practice sessions during the autumn and winter and then, if by the spring there are still sufficient enthusiasts, to provide the team with first-

class kit with a view to taking on all comers. Anyone interested, whatever his weight, can take part since teams compete at varying weights.

During the summer the team competed at Hayes against London, where they once again were given a great welcome and also once again managed to win. Thus encouraged, an invitation to pull at the L.B.A.S.A. Sports on July 7th was accepted. Here the opposition in the shape of Guinness 'A' was somewhat formidable and the team was defeated by two pulls to nil. However they were by no means disgraced since each pull lasted about 1 min. 40 secs. Both the judge, Mr. D. Hopkins, and the Guinness team expressed the hope that we would come next year, and were very helpful with advice which, as newcomers to this standard of competition, the team found most valuable.

The winning tug of war team from the Transport Department: (left to right) R. Jones, C. Woodroof, R. Clark, B. F. Williams, F. Clark, R. Woodroof, S. Tessmer, A. D. Riley, V. Coleman

The next fixture was at Bristol Sports, where the team was given a royal welcome and were splendidly looked after throughout the day. Here the Bristol team managed to defeat them before going on to win the final against Devonport, who had previously won against Newport. However, by way of compensation the team provided the winner of the pillow fight and the runner-up in the skittles. A pleasant day was rounded off with a sing-song and some good beer at *The Lamb* at Theale on the way back.

Finally, as reported elsewhere, the team took its revenge against Bristol at the Reading Sports after two most exciting pulls.

Social Club Notes

CENTRAL

FRIDAY, JUNE 1st was Darts and Billiards Finals Night at the Social Club at READING. The Individual Darts Challenge Cup was won by J. King (Transport) after a close tussle with W. Richens (Transport).

In the Billiards Competition J. Clayton (Cooperage) carried off the cup at the expense of R. Brind (Managed House Accounts). Since the competition the billiards table at the Club has been recovered, which should put us on a better footing with other clubs in the league.

★

A HIGHLY SUCCESSFUL Ladies' Night took place on June 13th, when some fifty-one ladies came along to see a cooking demonstration given by Miss B. Joyce of the Southern Electricity Board, who prepared dishes which were later tasted by the audience.

After tea and biscuits, which had been prepared by the ladies of the Committee, a fashion show was put on by Connors Costumes. The summer dresses on display were shown by models from the Grosvenor Fashion Agency, a commentary being given by Mary Wilson.

As we go to press, plans are well advanced to follow up this success with another Ladies' Night which will include a Wine Tasting.

★

THE DERBY DRAW, run by Club Secretary Stan Davey, ended up with near record ticket sales this year. Lucky prizewinners were: First £6, R. Crocker (Fermenting); Second £4, C. G. Webb; Third £2, L. Butler (Fermenting), and Fourth £1, R. Broad (Cashiers).

★

ON JULY 14th an outing to Southend was arranged, starting from the Club. The coach first took the party to London, where they boarded a boat for Southend, the coach following on. Then, having spent a pleasant day in Southend, everyone rejoined the coach and came home to Reading by road.

EASTERN

OUR PHOTOGRAPHS show a group of those hard working people both behind the scenes and those more in the limelight without whose services the Social Section's dances could not possibly be the success that they undoubtedly are.

Those in photograph 1 are:—

l. to r. standing: B. Mathson (piano), H. Simmonds (saxophone), E. Smith (drums), L. Boyle (Section Secretary), L. Sidaway (Assistant Section Secretary), A. Ransom, G. Duke, R. Urwin, A. Owens.

seated: Mrs. Thompson, Mrs. Ransom (Catering Manageress), Mrs. Urwin.

Our other photograph was taken during one of the recent dances at Hayes.

Incidentally, conditions for dancing in the pavilion have been even further improved during the season by the installation of two powerful Vent-axia air conditioners. Why not make a New Year's resolution to sample the dancing at Hayes if you have not already done so? A coach is always available for those who would like to make use of it.

Appointments

AT A BOARD MEETING during June, Mr. P. E. Hammond was appointed Secretary of Courage, Barclay and Simonds (Central) Limited as from July 1st. He succeeded Mr. J. D. Richardson, who was required for full-time duties at Horselydown.

Joining the firm as a junior clerk in 1934, Mr. Hammond was transferred to the Accounts Department on its formation in 1937. In the following year he was transferred to the Accountants Department under Mr. A. G. Richardson.

At the outbreak of the 1939-45 War Mr. Hammond joined a local Royal Signals Unit and spent three years in Burma with the 14th Army. After demobilisation he rejoined the Accounts Department at Reading, where his main duty was with the internal audit.

In 1952 he joined the Secretarial Department and was appointed Secretary

Mr. P. E. Hammond

of the Staff Salaries and Appointments Committee.

Six years later he was appointed Assistant Secretary of H. and G. Simonds Ltd.

Mr. Hammond is married and has a daughter. His father, now aged 86, served over fifty years with the Company before retiring in 1947.

Trade Honours for Charles Kinloch

IN THE SPRING of this year, Mr. R. H. Walters, a trainee under Mr. E. A. Tasker, Kinloch's Buying Executive, was selected to attend the Champagne Academy. In the examination held at the end of the ten-day course he was placed first out of twelve students. Christian de Billy, this year's President of the Academy, mentioned that the paper produced by Mr. Walters was really outstanding.

In the recent Wine Trade Club examination, Mr. Walters and Mr. C. W. Waters, who is attached to the Staines depot, attained an average of over 75% and were awarded a Bourse de Voyage. Mr. Walters once again was placed first, and was awarded the Albert Guillet Cup for the outstanding student of the year. As a result, he will be spending ten days at the end of September in the Jerez area in order to study the production of sherry. Mr. Walters visited the Scottish Distilleries for a few days in October. We congratulate Mr. Walters and Mr. C. W. Waters for the honours which they have earned for themselves and for Kinloch's.

TRANSPORT DEPARTMENT SUCCESS

IN MAY ONE of the lorries belonging to the Transport Department at Reading appeared in an exhibition put on by the Haslemere Motor Company, who provided the chassis and cab. The body of the vehicle was built and painted at Reading and was generally reckoned to be the best finished vehicle on show. Pictures of the lorry subsequently appeared in B.M.C. publications.

PRESENTATIONS

PETER COLLINS

MR. P. R. CARPENTER (Director, Bristol Brewery Georges) presented Peter Collins, of Managed Houses Department, with a set of wine-glasses on the occasion of his marriage to Miss Mavis Beckell. Mr. Carpenter said he was always pleased to perform such pleasant offices as the present one, launching another vessel on the tide of matrimony. He felt sure it would survive the storms that occasionally blow up, but he hoped that they would be few and far between and that, for the most part, it would be plain sailing. He knew that Peter was a skittler and a good cricketer, and judging by his choice of wine-glasses as a present, he obviously had confidence in the future. Somehow, there seemed to be something lacking, and that was a bottle of wine, which Mr. Carpenter thereupon produced (it was "Bristol Milk"), and a toast to Peter's "future happiness" was drunk.

In reply to Mr. Carpenter, Peter Collins said that he was very pleased to have his colleagues' good wishes and was delighted with their gift. If any of them cared to drop in for a drink, he would always be pleased to see them, and he quoted his new address.

Mr. Carpenter thanked him for the invitation, and added: "We won't come in until *after* the honeymoon, Peter".

MR. G. H. BROWN

A SILVER TANKARD, suitably inscribed, was presented to Mr. G. H. Brown, formerly of the Surveyor's Dept. by the Chairman of Bristol Brewery Georges, Mr. A. R. Boucher, in the Board Room at Bristol on July 12th. Mr. Brown, who had joined Bristol United Breweries in 1946, had come to Georges when they merged with B.U.B. in 1956, and had retired at the end of April 1962.

Replying to Mr. Boucher's wishes for a long and happy retirement, Mr. Brown said that he would always remember the day when he came to Georges. All the flags were flying, and he thought "They must be glad to see me". But on enquiry he was told that it was Empire Day.

Mr. P. R. Carpenter drinks a toast to Mr. P. Collins

He had, however, enjoyed working at Georges, and was pleased to see so many of his former colleagues in the Surveyors' Dept. on this occasion.

MISS A. HARVEY

A VERY HAPPY gathering of staff assembled in No. 1 Horselydown on September 12th to drink the health and offer best wishes to Miss Audrey Harvey who was to be married the next Saturday.

Mr. P. L. Curnock presented her with a cheque to which 150 of her friends had subscribed and Miss Harvey in her speech of thanks said that she and her future husband had decided to use the money to buy a fridge.

Everyone was delighted to hear that Audrey was not leaving the Company and looked forward to welcoming her back as Mrs. Eldred.

MR. R. J. COLBY

(Accounts Department)

A LARGE NUMBER of his colleagues met in No. 1 Horselydown at the end of September when R. J. Colby was presented by Mr. W. F. S. Toop with a cheque to which they and others who were unable to be present had subscribed.

Bob Colby, who joined the staff of Barclays in 1955, has left the company in order to take Holy Orders in the Anglican Church. We salute the depth of character that has led him to take this step at the age of 31, and our good wishes go with him into his challenging future.

He has asked that, through these columns, he may thank the very many who have wished him well in his new vocation, and regrets that it was not possible to see each one personally before he left.

CENTRAL

GENERAL SIR MILES DEMPSEY has presented gold watches or clocks to three members of the staff since we last went to press.

On May 28th MR. P. LUKER received his watch in the Board Room at Reading.

After attending the Reading Bluecoat School, Mr. Luker joined the firm on May 1st, 1916, and worked in the Cask Office, where he has in fact remained until the present time.

He was placed in charge of the Cask Office in succession to Mr. Josey in 1946, and the establishment of the Hollerith Department in 1950 led to a major re-organisation of the work of maintaining cask records and credits.

Nearly all the boys who entered the firm before the last war received their initial clerical training in the Cask Office and at one time it was possible to find a

football team which could take on all comers.

Mr. Luker himself was keen on all games and belonged to most of the sports sections run by the firm. His other great interests have been music and literature and until just recently he was a member of St. Giles' Choir.

During the last war he was a member of the Home Guard and was Medical Sergeant of the Anti-Aircraft Rocket Battery at Reading. Mr. Luker was also a keen member of his local, as well as the Brewery, First Aid Detachment.

MISS SHORTER, who received a clock on June 25th, joined H. and G. Simonds Ltd. in 1916 after completing her training in shorthand, book-keeping and office procedure. She worked in the Branch Office under Mr. C. E. Gough and apart from normal secretarial duties she also helped to keep the trading ledgers for the firm's branches in Malta and Gibraltar.

Shortly after the First World War Miss Shorter went to work for Mr. A. R. Bradford, who was then Chief Clerk at Reading, and she remained with him when he eventually succeeded Mr. Gough. In 1949 Mr. Bradford retired and Miss Shorter continued to work for Mr. A. E. Wake when he took over the Branch Office, and has remained there until the present time.

MR. F. V. JENNINGS, who received a gold watch on July 23rd, joined the firm at the age of 14 in June, 1916, and, starting as a harness maker, worked under a qualified saddler at a wage of 8/- per week.

After the end of the First World War the number of horses kept by the Brewery was gradually reduced, and in about 1923 Mr. Jennings was transferred to the Canvas Department as a tent maker. Here he was

responsible for keeping tentage in good repair and replacing those tents which were worn out.

During the summer he was almost continuously in camp with Regular and T.A. Units to whom the Brewery supplied tentage. Living was rough and occasionally Mr. Jennings was away for as long as two years at a stretch.

Since the last war tentage has seldom been supplied to the Army, but instead there has been a lot of racecourse work at such courses as Goodwood, Ascot, Newbury and Silverstone.

Mr. Jennings has been in charge of the Work Room in the Canvas Stores since about 1946 and reckons that during this time some 180 marquees have been made there, quite apart from continuous work on repairs.

In private life both Mr. Jennings and his wife are enthusiastic gardeners, and in his younger days he was a keen footballer.

RETIREMENTS

Mr. H. Saunders

EASTERN

MR. H. SAUNDERS

MR. H. SAUNDERS, who retired on July 22nd, had behind him an excellent record spanning over 40 years.

He first joined the Coopersage Dept. of Courages in January, 1921, and after about one year he entered the cask washing gang where he remained until his retirement. Mr. Saunders saw service in the First World War in the Royal Artillery, but now divides his time between rooting for the "Spurs" and his garden, where his roses are his greatest pride. Well done, Mr. Saunders; and may you have many summers, of a higher standard, than the last one, to bring your roses to perfection.

Mr. Duncan Simonds and members of the Free Trade Department gather at the "Stag and Hounds", Binfield, to bid farewell to Mr. F. W. Freeman

CENTRAL

Mr. F. W. FREEMAN

AFTER 46 YEARS with the firm Mr. F. W. Freeman, Free Trade Manager for the Reading Area, retired on June 30th. Farewell parties fell thick and fast, and lunch with the Board on June 25th—at which he was presented with a dining room suite—was followed by a farewell luncheon with his fellow executives in Seven Bridges House on the day of his retirement.

A day or two later Mr. Freeman himself gave a farewell party for his friends aboard a launch on the River Kennet, which proved to be a highly convivial occasion. Shortly afterwards members of the Free Trade Department at Reading held a party at the *Stag and Hounds*, Binfield, where Mr. Freeman received a silver tankard from Mr. Duncan Simonds and an automatic tea maker from his friends in the Department.

Finally, on August 24th in Seven Bridges House, Mr. F. L. B. Abbott presented Mr. Freeman with a Hoover washing machine which had been subscribed for by fellow executives and friends at the Brewery.

MR. L. G. WHITE

AN INSCRIBED silver cigarette-case was presented to Mr. White on behalf of the senior staff of the Octagon and Tamar Breweries, Plymouth, by Mr. A. E. B. Standish on September 27th. Mr. White has retired after 46 years' service, latterly as Manager of the Penzance Branch. At the same time, a bouquet was presented to Mrs. White and the party, which included Mr. A. E. B. Standish, Mr. C. R. Holman, Mr. C. R. Wyatt, Mr. A. F. Green, Mr. K. G. Rowland and Mr. H. S. Staveley, then entertained Mr. and Mrs. White at the 'Lockyer' restaurant.

Mr. A. G. Buckoke

EASTERN

A. G. BUCKOKE

MR. A. G. BUCKOKE, Cashier at Medway Brewery, Maidstone, retired on September 30th after 46 years' service.

He joined the staff of Style and Winch Limited in 1916 and up to the time of joining H.M. Forces in the last war—in which he served four years with the R.A.O.C., including 18 months in the Middle East—was employed on the sales accounting side. He was appointed Cashier in 1947, which position he held up to the time of his retirement. He is succeeded as Maidstone Cashier by Mr. W. R. Hunt, formerly Deputy Cashier.

Mr. Buckoke was a very keen cricketer and this and football, as a spectator, will be among his interests on retirement, which will also include gardening and a keen interest in local village affairs.

Mr. Buckoke was presented with a standard lamp and cheque by his colleagues.

Mr. J. H. A. SAUTER

MR. J. H. A. SAUTER, who retired at the end of May this year, has had a long and varied experience in the transport dept. since he first worked for Barclay Perkins as a contract van boy in 1911.

His wage as a boy on starting, he recalls, was 6/- a week, which, however, increased to 12/6 after one month. At the age of 18 he became the driver of a horse van, and was soon promoted to drive a pair.

He joined the Royal Artillery at the very beginning of the first World War, and by May 1915, was in France. He was gassed at Ypres in 1918, and on his return to England was made an instructor at a Gunnery School on Salisbury Plain. He

EASTERN

MISS M. A. PIKE

ON MAY 31ST a large crowd assembled in No. 1 Horselydown to say goodbye to Marjorie Pike, who was retiring after 39 years service with the Company.

Thirty-nine years is a big slice out of anybody's life but Miss Pike's knowledge of brewery affairs went further even than her own personal experiences for both her mother and her grandfather were associated with the trade.

Miss Pike was a positive encyclopaedia of information on facts and figures and details of personalities. During her years of service she had the unique experience of five mergers and held the position of secretary to five of the London Managers of associated companies. She was also secretary to the late Colonel W. R. S. Hodgson, with whom she came to Horselydown from Park Street which had for long been her home.

The Royal Brewery, Brentford, The Dartford Brewery, Style and Winch, these are names which are now seldom heard, but it was the trade of these companies along with many others whose names have disappeared that built the business that is now called Courage, Barclay and Simonds.

It was with these companies that Miss Pike was most closely associated; her friendship, kindness and knowledge will be missed by many. On behalf of the staff Mr. Mervyn Purton presented Miss Pike with a transistor radio and cheque and she leaves with our best wishes for a long and happy retirement.

Mr. J. H. A. Sauter

returned to the Company on demobilisation, and made the transition from horse to motor-driving in 1921, and in this capacity he continued work until in 1949 an accident at work, resulting in an injury to the spine, brought on the bronchial trouble which has since forced him to take up lighter work. He became a gatekeeper at Park Street where he remained until his retirement.

Mr. Sauter, who holds 23 Safety First Certificates and one Silver Medal, with bar, has retired to his home at Eltham, and hopes to devote many hours to his favourite hobby—gardening. We congratulate Mr. Sauter most heartily on a fine record.

Mr. F. J. H. Wilson and Mr. T. A. Mathews

MR. F. J. H. WILSON (Stores Office)

MR. F. J. H. WILSON, who retired on pension in May, first joined Noakes & Co. in 1922. He had served with the Oxford and Bucks L.I. during the First World War, and was wounded in 1916. He started his life with Noakes as a loading clerk, and within four years he found himself in charge of the transport section. In 1936, after brewing had ceased at Windsor, he was appointed Transport and Stores Manager, an office which he continued to fill until the depot was closed in 1952. He was then transferred to Horselydown and worked in the Stores Office until his retirement.

Mr. Wilson's was a shy and retiring personality, but his willingness to co-operate and his pleasant manner will be missed by all those who came into contact with him. His hobbies are shooting,

fishing and golf, so that it seems likely that he will find plenty to do to fill his days of retirement. At golf in particular he is a player of more than average ability, and his name appears among the list of winners of the Bay Courage Cup.

A large number of his friends met at Horselydown when Mr. T. A. Mathews, Technical Director, presented him with a cheque to which they had all subscribed.

We offer Mr. Wilson our very best wishes for his retirement, and in particular good health with which to enjoy those out-of-doors activities he loves so well.

MRS. E. O'CONNOR (Bottling, Park Street)

THE BOTTLED BEER STORES at Park Street lost a very old friend when in July Mrs. E. O'Connor was forced to retire owing to continued ill-health.

We offer her our very best wishes in her retirement, and we sincerely hope that, with the rest from work, her health may now improve.

The following have also retired since last we went to press and their many friends wish them a long and happy retirement.
